

At-Bay Stance: Your Security Upgrade

Included in your surplus Cyber and Tech E&O policy

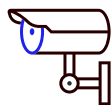

At-Bay Stance™ Exposure Manager and Advisory Services unite security and insurance — InsurSec — to help make your business safer. They provide mission-critical products and services that reduce cyber risk by identifying and prioritizing threats. Worth thousands of dollars, you get it all for just a small fee included in your policy.*

At-Bay policyholders are up to

5X less likely

than the industry average to experience a ransomware attack.¹

What's included as part of your policy

Stance Exposure Manager

An external attack surface management platform that:

- Helps you see key areas of your business' cyber risk
- Recommends fixes
- Provides Security Awareness Training - **New!**

Value: up to \$19,000/year²

Stance Advisory Services³

Security consulting, from a team of virtual CISOs and cyber experts. Take advantage of Advisory Services like:

- Backup readiness assessments
- Email security assessments
- Tool selection support

Value: up to \$300/hour⁴

*Access to At-Bay Stance Exposure Manager and Advisory Services is available to policyholders via the Embedded Security Fee and Endorsement. Refer to the policy form for additional information.

Looking for even more security? Purchase 24x7 security monitoring

At-Bay Stance Managed Detection & Response (MDR) is a separate service, offered through At-Bay's security company, that significantly reduces your cyber risk at an affordable price. Hire At-Bay's MDR team of security experts to monitor your business 24x7 and respond quickly to any detected threats. Powered by CrowdStrike's market-leading endpoint security technology, At-Bay Stance MDR gives you a team of experts who watch your back.

For more information | MDR-Sales@at-bay.com⁵

¹ Frequency Based on Primary and Excess Cyber and Tech Errors & Omissions losses reported and exposure earned through 9/30/2022, evaluated as of 10/1/2022, and 2020-2021 industry analysis.

² Estimated value of At-Bay's Stance Exposure Manager based on estimated annual cost of a comparable External Attack Surface Monitoring solution as well as a Security Awareness Training solution for up to 1,000 users for small- and medium-sized businesses. At-Bay Stance Exposure Manager should not be considered a replacement for a comprehensive exposure management solution or a standalone cyber security solution. Please consult with an IT professional for additional guidance.

³ Note: your Embedded Security Endorsement refers to "At-Bay Stance Advisory Services" as "At-Bay Stance Managed Security."

⁴ Based on At-Bay market assessment.

⁵ At-Bay Stance MDR is provided by At-Bay Security, LLC, a wholly owned subsidiary of At-Bay, Inc., providing cybersecurity services including MDR and incident response. At-Bay Security, LLC does not provide insurance services.
